

Discontinued product notification: TC2M – 4M series replaced by new TC2MHR-4MHR series

October 28th 2014

Dear Valued Customer,

Due to the introduction of new *high resolution* **TC2MHR-4MHR series telecentric lenses for large detectors**, production of TC2M-4M series will be *discontinued*. We strongly encourage you to replace TC2M/4Mxxx-X with the corresponding **new improved TC2MHR/4MHRxxx-X model**, which offers many advantages over the old series, including – improved resolution – compact size and lower price. In order to assist you and allow for future planning, we will offer a last-time buy opportunity of our TC2M-4M series to support your needs.

Production will be *discontinued* on **June 30th 2015** (unless mutually agreed in advance with a supply agreement): after this date, TC2M-4M series will no longer be produced¹. Contact our sales engineers ahead of such date to discuss about your specific needs. Demo units will be available until **December 10th 2014**: after this date, demo units will no longer be shipped.

While we regret any inconvenience this announcement may cause, we appreciate and value our business relationship and we look forward to help you solve your machine vision challenges with our leading optical solutions. All enquires and requests should be directed through the normal sales channels. Please [contact](#) our sales engineers to discuss about your specific needs.

¹ After this date the availability of these products is subject to remaining stock.
